Subject: Bishop Tube for RA Weekly briefing

Hi Linda,

Here's what LaRonda and I worked on the Bishop Tube salient for the RA's weekly briefing. I will update this summary once I get additional information on PADEP's meeting objective.

Bishop Tube Update

- May 29, 2018 – EPA Region 3 Site Assessment Manager (SAM) met with Pennsylvania Department of Environmental Protection (PADEP) Region 1 (Norristown Office) officials to review and update the status of the workshare sites in this region.
- PADEP requested an additional meeting with EPA to discuss the Bishop Tube, **Ex. 5 Deliberative Process (DP)** more in depth.
- A meeting with PADEP will be scheduled for these sites to discuss how EPA can assist PADEP with the cleanups.

Let me know if you have any questions.

Thanks,
Yaz
